

SMART Learning Suite (SMART Notebook) Installation Guide

The SMART Learning Suite combines Notebook with assessment, student collaboration and game-based learning software, to create enriching learning experiences. This guide will show you how to install the software.

Windows

1. Download smart17-0usb.exe from software.geneseo.edu
2. Double click the downloaded file to run it
3. Check the box for "I have read and accept the terms of use", then click **Next**
4. Select the radio button for "**Enter Key**" and type the key: NC-2ADAU-CWKUN-762WF-AKAIA-AAA
5. Click the **Install** button
6. When the installation has completed, click **Finish**
7. SMART Notebook is now installed
